Digital Literacy & Skills

What is Digital Literacy?

The ability to find, evaluate, create, and communicate information using digital technology:

- Understand and use various digital tools effectively
- Think critically and ethically in the digital world
- Navigate safely and responsibly online

Safe Internet Practices

- Use strong passwords
- Avoid suspicious links
- Protect your privacy

Professional Online Presence

- Create a strong Linkedin profile
- Be mindful of social media posts
- Build a positive reputation

Email Etiquette

- Use a clear subject line
- Be polite and concise
- Check spelling and grammar

STAY SMART & SAFE ONLINE!
